Dear Neighbor,

Thank you for contacting the HomeFront program. Since 1988, members of the community have been teaming up with our program to provide quality of life repairs for homeowners with significant financial limitations. Up to now, more than 2,870 neighbors have received assistance in our program’s history.

All of the repairs are provided by teams of volunteers at no cost to the homeowner. The actual repair work itself is concentrated into one day of “hands on” assistance during the first weekend of May. Qualifications for HomeFront are based on need, the condition of the home, and the ability of participating volunteers to undertake needed repairs. The applicant should list special considerations, such as health needs.

I invite you to review the enclosed information. If you feel that you would qualify, please fill out both sides of the accompanying “2017 Homeowner Application” and mail it in to us. **Applications must be received before November 11th, 2016 to be considered for help within our 2017 season.** HomeFront representatives will be in contact to set up a mutually convenient appointment to get a firsthand look at your repairs, typically between the months of September through January.

The HomeFront program does not verbally communicate any information on whether or not an applicant will be assisted. All applicants will be notified **in writing** in April 2017. Requests that are received after November 11th, 2016 will be evaluated for our 2018 season. We are always available to answer any questions that you may have at our toll-free number: 800-887-4673.

With best wishes,

Sean C. O’Brien  
Executive Director

WHAT IS THE HOMEFRONT PROGRAM?

HomeFront is a community-based home repair program that helps homeowners and community centers who are financially unable to maintain their homes/facilities. Repairs are made by sponsoring teams of volunteers at no cost to the recipients.

Our next HomeFront Day is Saturday, May 6, 2017.

2017 marks the 29th annual HomeFront Day. We have operated in over 140 communities. Each year thousands of volunteers (many of whom are professional trades people) repair homes, shelters and community centers in Fairfield, New Haven, Hartford and Litchfield Counties in Connecticut, as well as Westchester County, New York.

HOW ARE HOMES SELECTED?

HomeFront selects homeowners on the basis of individual needs, number of teams, and the available funds to support each project. With referral help from community service organizations, senior citizen groups, religious organizations, public service advertising and “word of mouth,” HomeFront evaluates more than 700 applicants each year. The homes must be owner occupied. Candidates may apply at any time during the year. Interviews are conducted during the Fall and Winter months, with final decisions made in April 2017. All work takes place on the first Saturday of May each year.

WHAT REPAIRS ARE DONE?

The goal of HomeFront is to provide free construction repairs to homes and community centers focusing on the neediest circumstances. Our program staff and volunteers work “hand in hand” with the recipients to provide improvements and repairs that will be the most meaningful to them and have the greatest impact on their quality of life. Repairs include carpentry, plumbing, electric work, drywall, weatherproofing, roof repairs, lock repair, window replacement, installation of smoke detectors and fire extinguishers, painting, cleaning, and yard work, among others.

WHO PAYS FOR THE REPAIRS?

HomeFront relies on contributions from companies, faith-based, civic and educational groups, as well as from individuals to cover direct costs of the program. In addition, local suppliers and manufacturers are asked to donate materials and professionals donate their services. There is no cost to the homeowner or community center to receive assistance from HomeFront.
WHO CAN VOLUNTEER?

Volunteers come from all walks of life in a true vertical slice of our neighborhoods. Firemen, lawyers, accountants, business people, clerks, and delivery people all come together to help a neighbor in need. Simply put, if you have an interest in home repair and can lend a hand, we can use your help.

Young adults are welcome, too! Young adults, ages 14-17, can work with adult supervision according to a three-young-adults-to-one-adult ratio. Individuals are encouraged to volunteer by calling 1-800-887-HOPE (4673). Most volunteers are affiliated with a sponsoring organization.

Volunteers need not be skilled at home repair. Any talent can and will be put to use. Each team consists of 20 or more volunteers. Smaller groups of volunteers are welcome and will be assigned if a project calls for reinforcements.

Each team is led by a House Captain (frequently a building trades professional) and a Volunteer Coordinator. These leaders ensure a smooth implementation of the program on HomeFront Day.

WHERE DO SKILLED VOLUNTEERS COME FROM?

Community-minded companies and individuals participate in the program by contributing their skills, equipment, trucks, tools and services, all of which are assigned to homes on an as-needed basis. Without our professional service volunteers (electricians, carpenters, tree surgeons, plumbers, etc.), many of these repairs could not be done.

HOW CAN YOU BECOME INVOLVED?

Volunteers, both skilled and unskilled, are needed to work year-round at HomeFront to help with planning, organizing, and recruiting. Financial gifts and donations of products and services are greatly appreciated. Donations to HomeFront are tax deductible.

HomeFront is dedicated to reaching out to our neighbors in need. We believe that through the generosity and concern of many people in our cities and towns, we can restore HOPE to families and HELP to make our communities better and brighter places.

To volunteer, contribute, or recommend someone for help, please call HomeFront at 1-800-887-HOPE (4673).
